Abstract: The Integrated Postsecondary Education Data System (IPEDS) is a web-based data collection system designed to collect basic data from all postsecondary institutions in the United States and the other jurisdictions. IPEDS enables NCES to report on key dimensions of postsecondary education such as enrollments, degrees and other awards earned, tuition and fees, average net price, student financial aid, graduation rates, revenues and expenditures, faculty salaries, and staff employed. The IPEDS web-based data collection system was implemented in 2000-01, and it collects basic data from approximately 7,500 postsecondary institutions in the United States and the other jurisdictions that are eligible to participate in Title IV Federal financial aid programs. All Title IV institutions are required to respond to IPEDS (Section 490 of the Higher Education Amendments of 1992 (P.L. 102-325)). IPEDS allows other (non-title IV) institutions to participate on a voluntary basis. About 200 elect to respond. IPEDS data are available to the public through the College Navigator and IPEDS Data Center websites. The National Center for Education Statistics (NCES) seeks authorization to continue its IPEDS data collection. Current authorization expires 6/30/2014 (OMB No. 1850-0582). We are requesting a new clearance for the 2014-15 and 2015-16 data collections now in order to provide institutions advanced notice of changes to the current data collection. Because the already approved 2013-14 IPEDS data collection has not yet taken place, we are carrying over the documentation and estimated burden associated with the 2013-14 data collection.
